1. Ethical Hacking and Cyber security held at VIT, Vellore
2. App Development in cross platform held at SKCET, Coimbatore.

HOBBIES

1. Singing
2. Song writing
3. Designing
4. Video editing

ACKNOWLEDGEMENT

I hereby declare that all the above information is furnished by me and is true to the best of my knowledge.

MY PROJECTS

1. Bad word defender in comments

Bad word defender is different idea in comment section on social media platforms, web apps, and more platforms. It helps to control spreading the negativity, abusive words in comment sections of any app.

2. Website for Music Artist

I developed a website for music composer who produce music for short films, movies and more. I designed the website with beautiful User interface and user experience.

ONGOING PROJECT

1. Music streaming platform

I am developing my own Online music streaming app with emotion based song recommendation system and Automatic Content Recognition platform based on acoustic fingerprinting technology used for song search by sound waves.

I have currently completed the UI/UX works and added functionalities.

Thank You!
